“Against the ruin of the world, there is only one defense – the creative act.”
– Kenneth Rexroth

Language is a process of free creation; its laws and principles are fixed, but the manner in which the principles of generation are used is free and infinitely varied. Even the interpretation and use of words involves a process of free creation.

– Noam Chomsky

– Robert Holden

Theme: “‘To take upon us the mystery of things’ – this is also my suggestion for everyone who takes art seriously.”
