

A In Book 19, the suitors depart for the night, and Odysseus and Telemachus discuss their strategy. The clever hero goes as appointed to Penelope with the idea of testing her and her maids. (Some of the maids have not been loyal to the household and have even slept with the suitors.) The faithful wife receives her disguised husband. We can imagine the tension Homer's audience must have felt. Would Odysseus be recognized?

The "beggar" spins a yarn about his origins, pretending that he has met Odysseus on his travels. He cannot resist praising the lost hero, and he does so successfully enough to bring tears to Penelope's eyes. We can be sure that this does not displease the beggar:

The storytelling beggar reveals that he has heard that Odysseus is alive and is even now sailing for home. Penelope calls for the old nurse and asks her to wash the guest's feet—a sign of respect and honor. As Eurycleia does so, she recognizes Odysseus from a scar on his leg.

B Quickly Odysseus swears the old nurse to secrecy. Meanwhile, Athena has cast a spell on Penelope so that she has taken no notice of this recognition scene. Penelope adds to the suspense by deciding on a test for the suitors on the next day. Without realizing it, she has now given Odysseus a way to defeat the men who threaten his wife and kingdom.

In Book 20, Odysseus, brooding over the shameless behavior of the maidservants and the suitors, longs to destroy his enemies but fears the revenge of their friends. Athena reassures him. Odysseus is told that the suitors will die.

Odysseus is recognized by Eurycleia.
